# INTRODUCTION AND GENERAL INDEX

-----

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Wilmington City Directory since 1897), present to subscribers and the general public, this, the 1961 edition of the Wilmington City Directory, which also includes Audubon, Devon Park, Edgewood, Foxtown, Garden City, Hanover Heights, Highwood Park, Idlewild, Long Leaf Hills, Long Leaf Homes, Oak Court, Oak Crest, Piney Woods and Winter Park. The inclusion of Long Leaf Homes is new.

Confidence in the growth of Wilmington's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Wilmington to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Wilmington Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Wilmington, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Wilmington, Audubon, Devon Park, Edgewood, Foxtown, Garden City, Hanover Heights, Highwood Park, Idlewild, Long Leaf Hills, Long Leaf Homes, Oak Court, Oak Crest, Piney Woods and Winter Park and the name, official personnel, nature and address of each firm and corporation in the community. The inclusion of Long Leaf Homes is new with this edition.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

## Community Publicity

The Directory reflects the achievements and ambitions of the community,

796051

depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Wilmington and vicinity.

#### **The Wilmington Out-of-Town City Directory Library**

Through the courtesy of the publishers of the Wilmington City Directory, a Directory Library is maintained in the offices of the Wilmington Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

#### Location

Wilmington, county seat of New Hanover County, is situated in the southeastern part of North Carolina, on the east bank of the Cape Fear River, about thirty miles from the Atlantic Ocean. This distance from the ocean is due to the fact that the Cape Fear River flows from Wilmington in a southeasterly direction. The distance from Wilmington to the ocean, via highway, is only twelve miles. Wilmington is approximately 200 miles from Charlotte, 125 miles from Raleigh, 170 miles from Charleston, S. C., and 255 miles from Norfolk. It is the principal deep-water port in North Carolina, with a 34-foot channel from ocean bar to Wilmington, distance of 30 miles.

#### Swimming and Beaches

Excellent swimming facilities are available at ten popular ocean beach resorts in the immediate vicinity of Wilmington and at nearby sounds. Beach resorts include Carolina, Wrightsville, Fort Fisher, Kure's, Wilmington, Long, Caswell and Holden's beaches.

#### Fishing

Fishing is enhanced by the activities of the New Hanover Fishing Club, largest organization of its kind in America. The annual Fishing Rodeo, April 1

through Nov. 30, sponsored by the Southeastern North Carolina Beach Association, offers cash and equipment prizes. The proximity of the Gulf Stream and availability of fishing-party boats make deep-sea fishing a popular sport. Waltonites have a choice of casting from pier, boat, strand or sound.

#### **Camp LeJeune and Fort Bragg**

Camp LeJeune, a permanent U. S. Marine Corps training base, 50 miles northeast of Wilmington, is considered a local enterprise, for Wilmington serves thousands of enlisted and officer personnel from a week-end recreational and trading center. Thousands of soldiers from Fort Bragg, near Fayetteville, also spend week-ends in Wilmington and at nearby beaches.

#### **Gardens**

Nature-lovers thrill to the springtime beauty of the azalea and camellia gardens at Orton and Airlie plantations, and the colorful plants and moss-covered cypress at Greenfield Gardens in the heart of Wilmington. All three are open the year round. Annual tours of outstanding gardens are conducted by the Garden Club. Private estates are visited by special arrangement. The annual Azalea Festival is held annually late in March or early in April.

#### **Landmarks and Historic Ruins**

Settled in 1730, Wilmington has many famous historical buildings and landmarks, including British General Cornwallis' Revolutionary War Headquarters; several of the oldest churches in America; the church where Woodrow Wilson worshipped as a youth; the birthplace of Whistler's mother; historic Fort Fisher; Orton Mansion, built in 1725; and Colonial church ruins.

#### **Population Increase**

Wilmington's population, within its city limits, increased rapidly between 1940, when it was 33,407, and 1960, when it was 45,043. Present population of New Hanover County is estimated at 74,500 and that of Wilmington is estimated at 55,000.

#### **Industry, Transportation, Trade, Agriculture**

The economic life of the Wilmington area within the last few years has been undergoing a material change. This change has been due chiefly to the enlarging of existing manufacturing plants and the erection of new ones in the immediate territory. Wilmington has become justly famous for the handling and conversion of timber, petroleum, asphalt and fertilizer products; the fabrication of marine boilers, and the manufacture of hosiery, shirts, plush, velour, and paper products.

A recent factor that added to the industrial life of this area was the new steam generating plant of the Carolina Power and Light Company. This new plant assures more than an adequacy of electric power for the Wilmington area, for some time to come. The magnitude of this plant affords expansion also for other areas of southeastern North Carolina. Plans of the company contemplated expansion of the Coastal Plain area in that local installations were designed for four units. Two generating units have been installed, which normally develop 300,000 horsepower. Also, the Tidewater Natural Gas Company has brought natural gas to Wilmington and conversion of local equipment was completed in 1960.

With both water and rail transportations thus affording quick hauls and low freight rates, and near the sources of raw materials, Wilmington is a splendid spot for manufacturing industries. Two big railroad systems—the Atlantic Coast Line and the Seaboard Air Line—place the city near the great coal fields and iron-producing zones.

Wilmington is the center of one of the greatest vegetable and flower districts in North Carolina. It produces nearly \$2,000,000 in early crops, bulbs, flowers and truck crops. It has 250 growing days per year, with equable rainfall.

Wilmington is the headquarters of the Atlantic Coast Line System.

#### **The Port of Wilmington in Relation to Foreign Trade**

Wilmington possesses a fresh-water harbor about thirty miles from the mouth of the Cape Fear River. It is open to navigation on a 24-hour basis, the river being adequately equipped with lights for night navigation. Ice conditions

The City Hall Building at Third and Princess Streets, erected in 1855, with its Corinthian Columns, impresses local citizens and tourists alike. For its age of 100 years, it is in excellent condition.

are unknown, and fair weather generally is prevalent. A deep-water channel of 34 feet is provided, insuring safe passage of deep-draft vessels, from the mouth of the river to Wilmington. Satisfactory turning basins are provided for the largest freighters afloat, and vessels from Europe, Latin-America, Africa, Mediterranean and Middle Eastern Ports call at Wilmington. In addition, there are vessels calling from the West Indies, and there is a projection for inter-coastal and Far Eastern services.

Excellent rail facilities, afforded by two major railroads, are available for the satisfactory distribution of import commodities throughout the state of North Carolina and through the interior of the U. S. Wilmington, as a port, also is a focal point for export shipments, not only from North Carolina, but nearby and Mid-Western states. The import and export traffic through the Port of Wilmington is heavy and ever-increasing, which marks a successful port. Large quantities of tobacco, cotton goods, fertilizer materials, lumber products, foodstuffs and other commodities are handled regularly for export. The imports are varied. Vast quantities of petroleum products are shipped regularly into Wilmington for distribution throughout the state. Nitrate materials, sulphur, molasses, sugar, hardwoods, burlap and additional commodities constitute the bulk of the import traffic.

The North Carolina State Ports Authority is capable of handling five ships of the size of C-2 vessels at one time. The most modern handling equipment is used, and there are transit sheds aggregating 278,000 square feet of transit space and storage warehouse of 189,000 square feet. These terminals are the most modern of their kind on the Atlantic Seaboard and are properly equipped for the expeditious handling of either truck or rail traffic. The terminals were constructed at a cost of \$5,500,000. \$2,500,000 was spent in 1959 for new construction.

Wilmington is fast becoming known as the leading Cruise Port of the South Atlantic. In freight, Wilmington Harbor is currently rated next to Jacksonville, Florida.

Salt and fresh water in the Wilmington area provide unparralleled sources of recreation and enjoyment. The billfish record for 1959 was 3 blue marlin caught by one fisherman within 6 hours.

The city has, in addition to the state ports terminal facilities, some 600,000 more square feet of terminal warehouse space and wharves available, which will accommodate twelve ocean-going ships at one time.

Wilmington is North Carolina's major seaport city and the gateway of the State's commerce and trade. North Carolina is vast in area, larger than New York or Pennsylvania, and almost as large as New England. Wilmington is the natural distributing point for North Carolina and parts of South Carolina and Georgia. The port of Wilmington is the nearest Atlantic port to the Ohio gateways, and nearer Cincinnati than the competitive Port of Charleston by 15 miles.

Sunny Point Army Terminal, constructed at a cost of \$25,000,000., 25 miles south of Wilmington on the Cape Fear River, is an ammunition outloading depot of the United States Army.

Resort activities make for a happier life and a stronger economy for the New Hanover County area.

Typical scene of numerous nearby beaches.

Wilmington is the terminus of six major highways of North Carolina's splendid good roads system. The city also is an important point on the Ocean Highway extending from Portland, Maine, to Miami, Fla. U. S. Routes 17, 74, 76, 117 and 421 serve the city.

Bluethenthal Field is one of the most modern and efficient to be found between New York and Miami. It has two intersecting paved runways of 7,000 feet in length, and a cross runway of 8,000 feet. It accommodates jet aircraft as well as modern commercial aircraft operated by Piedmont Air Lines and National Airlines on scheduled flights. The entire airport area is 1,200 acres, with a modern administration building. Bluethenthal Field itself is serviced by the latest ILS equipment. The U. S. Weather Bureau office is located at the field, and reports are available on a 24-hour basis. Transient aircraft and aircraft of the Armed Services are always welcome to use this ultra-modern facility.

#### An Ideal Place to Live

Wilmington has a wonderful climate; no extremes of heat or cold. Average summer temperature, 78 degrees; average winter temperature, 48 degrees. The normal rainfall is 53 inches; average annual clear days, 132 (New York rainfall, 44 inches; clear days, 118. New Orleans, rainfall, 57 inches; clear days, 109). The mild climate and diversified opportunities make this city and section a haven for homeseekers.

Greenfield Lake, a municipal park and garden, open to the public at all times. This is one of the most beautiful attractions in the South, boasting of over one million azaleas in bloom during azalea season.

Wilmington is a city of fine streets and parks, attractive homes, beautiful churches and modern schools, in a county netted by good roads. It is a place of up-to-date amusements, with some of the best beach resorts on the South Atlantic Coast within thirty minutes' ride of the city. Wrightsville Beach, eight miles east of the city, is an island resort of fame and renown. It is connected with the mainland by excellent half-hour bus service and causeway to Harbor Island just west of the beach. Carolina, Wilmington and Fort Fisher Beaches, south of the city, are mainland resorts with many delightful attractions. Wilmington's five fine beaches are among the only mainland resorts on the North Carolina coast where one can drive directly to the ocean in an automobile. The five beaches attract approximately 100,000 visitors every summer.

The Wilmington Chamber of Commerce, P. O. Box 1698, welcomes the opportunity of answering questions about the city, the county and the fine beaches. Write the Chamber of Commerce for any information needed. You are assured of prompt, cordial and co-operative service, geared to a program of community development.

## CASHIERS! TELLERS! — CLERKS! —

**Do your employers furnish you with  
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## *Out of Sight • Out of Mind* ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

The importance of keeping firm and product names in the public eye is recognized by all business men. If a business firm or product name is not prominently advertised, their status will slip in the minds of the public and it will not be long before the City Directory is the natural medium for keeping a business or product name in the public eye.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how firm and product names are mentioned, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business product name in the spotlight.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is essential to know how a firm or product, however minor, can be kept in the public eye. The City Directory is the natural medium for keeping a business or product name in the spotlight.

# *The Polk Market* **picks new-car buyers out of the crowd**

To meet today's fierce competition, automobile advertisers and their agencies recognize that mass advertising is not enough. Everybody is not a prime prospect for a new car, just as everybody is not a prime prospect for a truck, a tractor or a cabin cruiser.

Certainly, mass advertising is essential to create a receptive climate for new automobiles. But the complete automobile marketing program must initiate, personally and intensely, those individuals who *can* buy . . . and who *do* buy regularly!

The Polk Market is the one medium that picks these regular new-car buyers out of the crowd and identifies them by name and address.

Then the automobile advertiser and his agency can direct personal, forceful mail advertisements to these identified new-car buyers, using The Polk Market exactly as they use other printed media.

Automobile advertisers and their agencies who have used The Polk Market have been impressed by its ability to move people into action, to identify dealerships and to buttress an entire advertising program.

Continuing research and experience prove that advertisements mailed to potential buyers gain greater attention . . . win far higher readership than any other form of printed advertising . . . tell a much more complete sales story . . . and pay out far more valuable sales results—all at a surprisingly low cost per reader-prospect!

R. L. Polk & Co. functions in mail advertising exactly as the publisher functions in other printed media. Standard procedures and specifications have been established by R. L. Polk & Co. when acting as a complete publisher for specific types of mail advertising campaigns. These rates apply equally to advertisers and agencies and are fully commensurate to the campaign.

*We will be happy to show you how. The Polk Market can help you make all your advertising dollars work more effectively. Let us hear from you.*

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however nutritious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the national medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping it in, and product names in the public eye is recognized by all business men. It is astonishing to see how firm a product however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business a product name in the public eye. Insist on Being Well Represented in Its Pages.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is essential to see how a firm or product, however unimportant, will slip into the limbo of the forgotten if not periodically advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the archivist.

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however  
The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist on Being Well Represented in Its Pages

# Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is advisable to use a firm or product, however insignificant, well established, the limits of the last one if not previously advertised. The City Direct is the natural medium for keeping a business or product name in the spotlight.

Insist on Being Well Represented in Its Pages

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product name in the public eye is recognized by all business men. It is unfortunate to see a firm or product, however well known, disappear from the public eye. The City Directory is the natural medium for keeping a business or product name in the public eye.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the public eye. Insist on being well represented in its pages.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however magnificent, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product name's in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how firm and product names mentioned will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the actual medium for keeping a business a product name in the public eye.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is essential to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

## Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is a well known fact that a firm or product, however successful, may disappear without notice if it is not periodically advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

## Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the forefront.

# Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is dangerous to say how a firm or product, however successful, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

## Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and personal names in the public eye is recognized by all business men. If your name is not in the Yellow Pages, you are invisible, however successful you may be.

The City Directory is the natural medium for keeping a business or personal name in the spotlight. Insist on being well represented in its pages.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however  
The City Directory is the natural medium for keeping a business or product name in the spotlight mentioned, will slip into the limbo of the forgotten if not persistently advertised.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how firm and product names, mentioned in the past, slip into the limbo of the forgotten if not persistently advertised. Our City Directory is the natural medium for keeping a business product name in the spotlight.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

# CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

# Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Directory of Household,ers, Occupants of Office Buildings and  
Other Business Places, Including a Complete  
Street and Avenue Guide

## 1961

Including Audubon, Devon Park, Edgewood, Foxtown, Garden City,  
Hanover Heights, Highwood Park, Idlewild, Long Leaf Homes  
Oak Court, Oak Crest, Piney Woods and Winter Park

Copyright, 1961, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

# Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by oil business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

# Out of Sight — Out of Mind — Out of Business

It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious. Will slip into the limbo of the forgotten if not persistently advertised.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

## Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the enollight

# Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

## Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however marvellous, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product some in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight mentioned, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight -- Out of Mind -- Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. **Insist on Being Well Represented in Its Pages**

# CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

## R. L. Polk & Co.

# *The Polk Market* **picks new-car buyers out of the crowd**

To meet today's fierce competition, automobile advertisers and their agencies recognize that mass advertising is not enough. Everybody is not a prime prospect for a new car, just as everybody is not a prime prospect for a truck, a tractor or a cabin cruiser.

Certainly, mass advertising is essential to create a receptive climate for new automobiles. But the complete automobile advertising program must cultivate, personally and intensively, those individuals who *can* buy . . . and who *do* buy regularly!

The Polk Market is the one medium that picks these regular new-car buyers out of the crowd and identifies them by name and address.

Then the automobile advertiser and his agency can direct personal, forceful mail advertisements to these identified new-car buyers, using The Polk Market exactly as they use other printed media.

Automobile advertisers and their agencies who have used The Polk Market have been impressed by its ability to move people into action, to identify dealerships and to buttress an entire advertising program.

Continuing research and experience prove that advertisements mailed to potential buyers gain greater attention . . . win far higher readership than any other form of printed advertising . . . tell a much more complete sales story . . . and pay off in measurable sales results — *all at a surprisingly low cost per reader-prospect!*

R. L. Polk & Co. functions in mail advertising exactly as the publisher functions in other printed media. Standard gross rates and specifications have been established by R. L. Polk & Co. when acting as the complete publisher for specific types of mail advertising campaigns. These rates apply equally to advertisers and agencies and are fully commissionable to the agency.

*We will be happy to show you how The Polk Market can help you make all your advertising dollars work more effectively. Let us hear from you.*
